Joyce,
Well, here we
are at last, almost
to the end of our high
school days. It sure
seems like we had fun
while it has been.
Remember the days
I had fun together.
as nice as you are

Joyce,
Best of luck to
a real swell girl. Remember
all the fun we had and stuff.
present class. It has been
nice knowing you for the
last years. Lots of luck in
everything you do.

We're Branching Out at C. H. S.

When the announcement was made last Fall that C.H.S. had a larger enrollment than it had ever had, it made us pause and think about a few facts. Not only is our enrollment growing but C.H.S. is branching out in all directions.

Even our territory has increased. Last summer the citizens of surrounding townships voted to come into the Cadillac school district. Their children were added to Cadillac's school population. Even far away Japan sent us Hajime Shibata as an exchange student, the only Japanese exchange student in Michigan.

C.H.S. no longer serves just the children. We've branched out into adult education. Classes are held in the evening in almost any subject the adults of the community wish to study.

Commencement at the end of the twelfth grade! That's just what it is — commencement. Now you can commence a college education right here at home. Last Fall a new program was introduced, in cooperation with Central Michigan College, whereby we can live and work in Cadillac and take courses for college credit.

We've branched out in the way we earn our high school credits. Students now can work after school in various business places in Cadillac and receive credit toward graduation.

Even the campus has expanded. Soon Viking football at Lincoln Field will be no more. Last Fall erection of a veteran's memorial stadium was begun south of the school building. Next Fall we hope to use our new stadium.

Figuratively, physically, and literally we are branching out at C.H.S.; there's no telling how far the branches will grow.

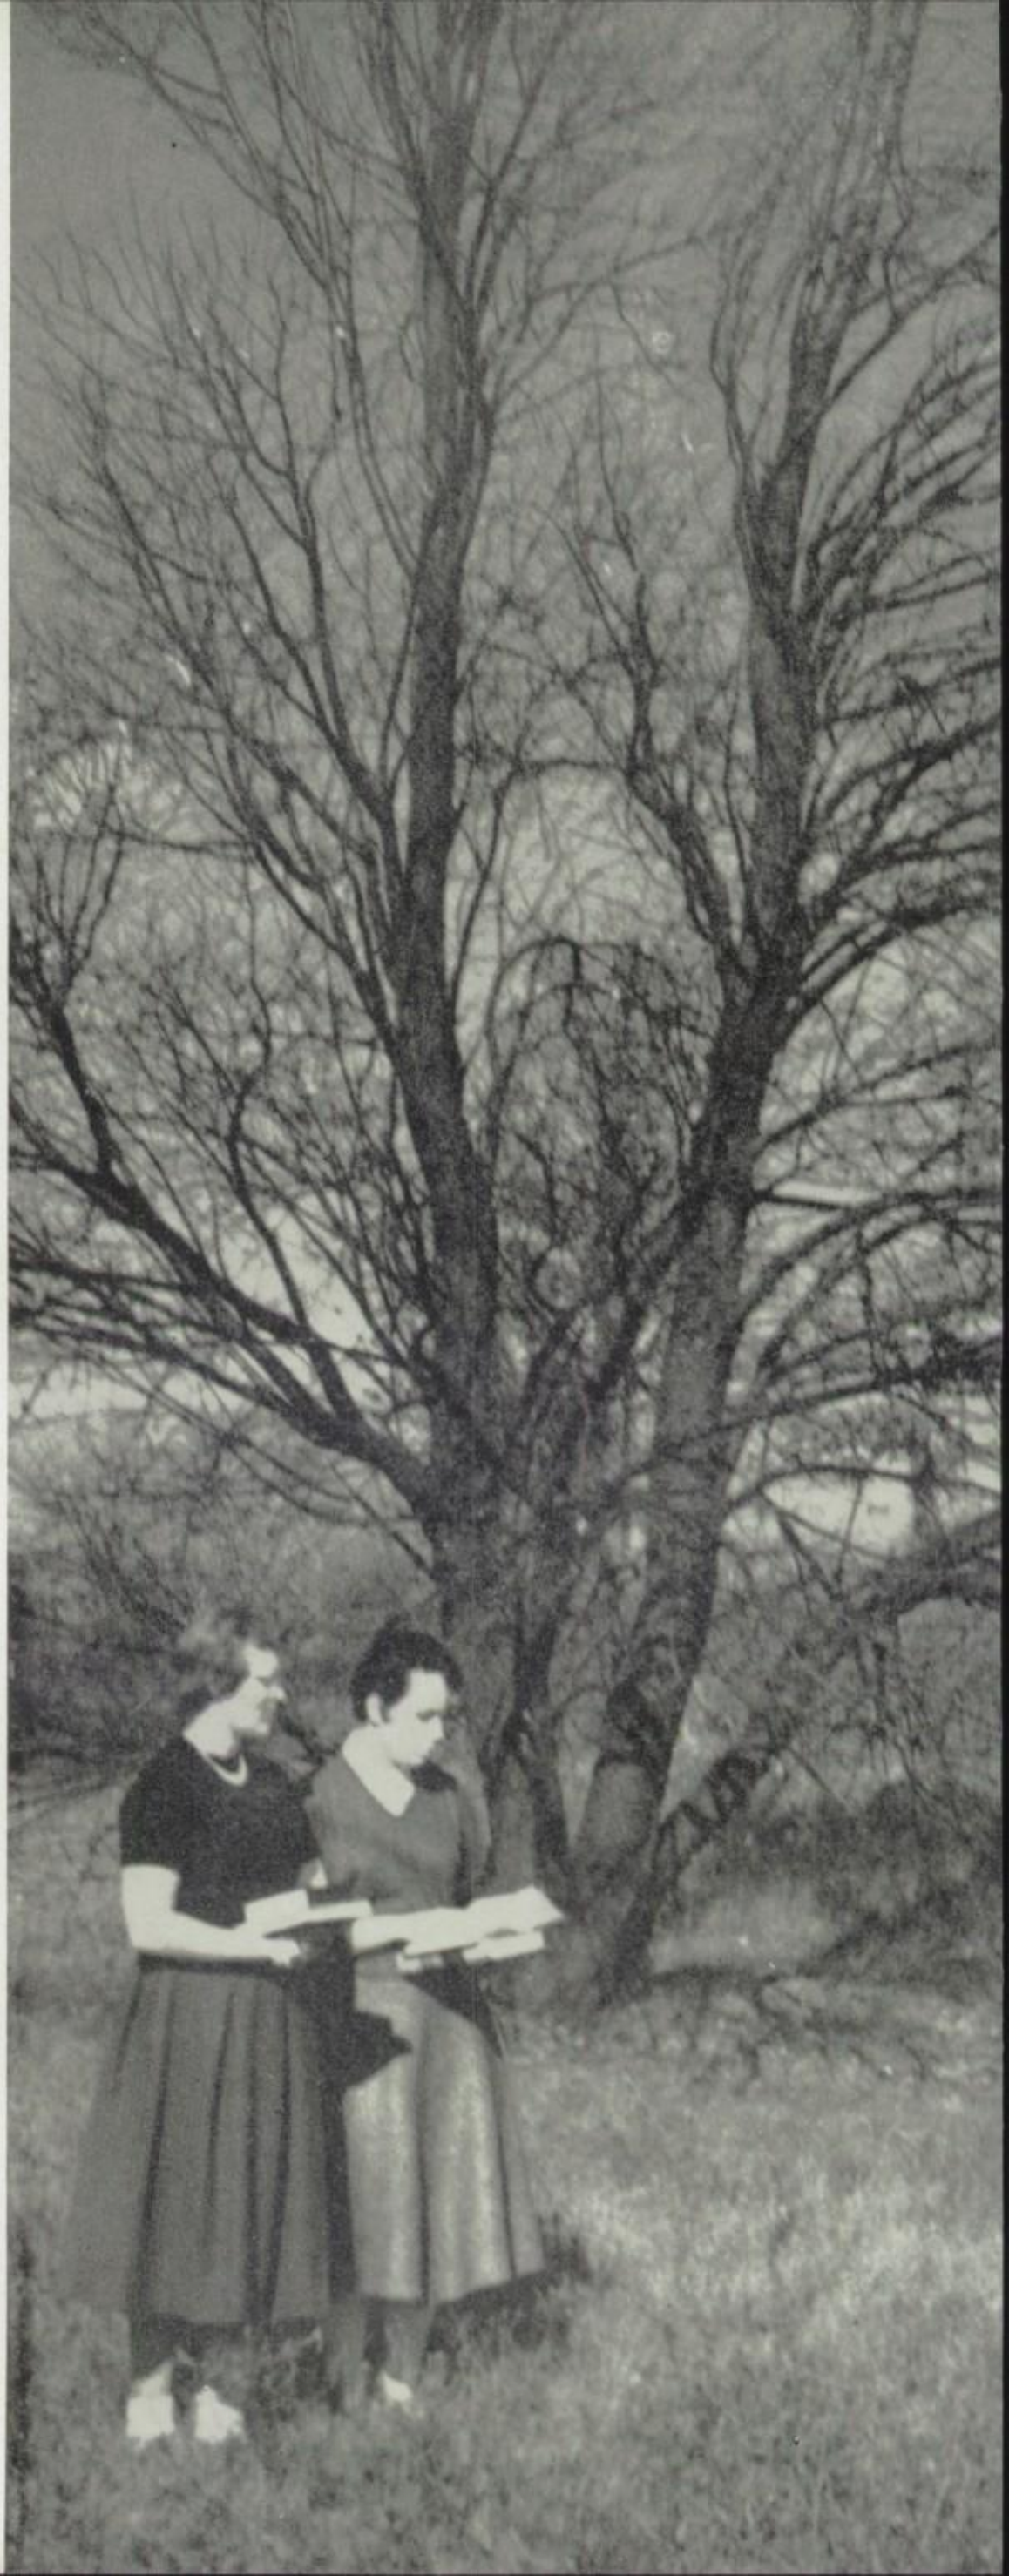
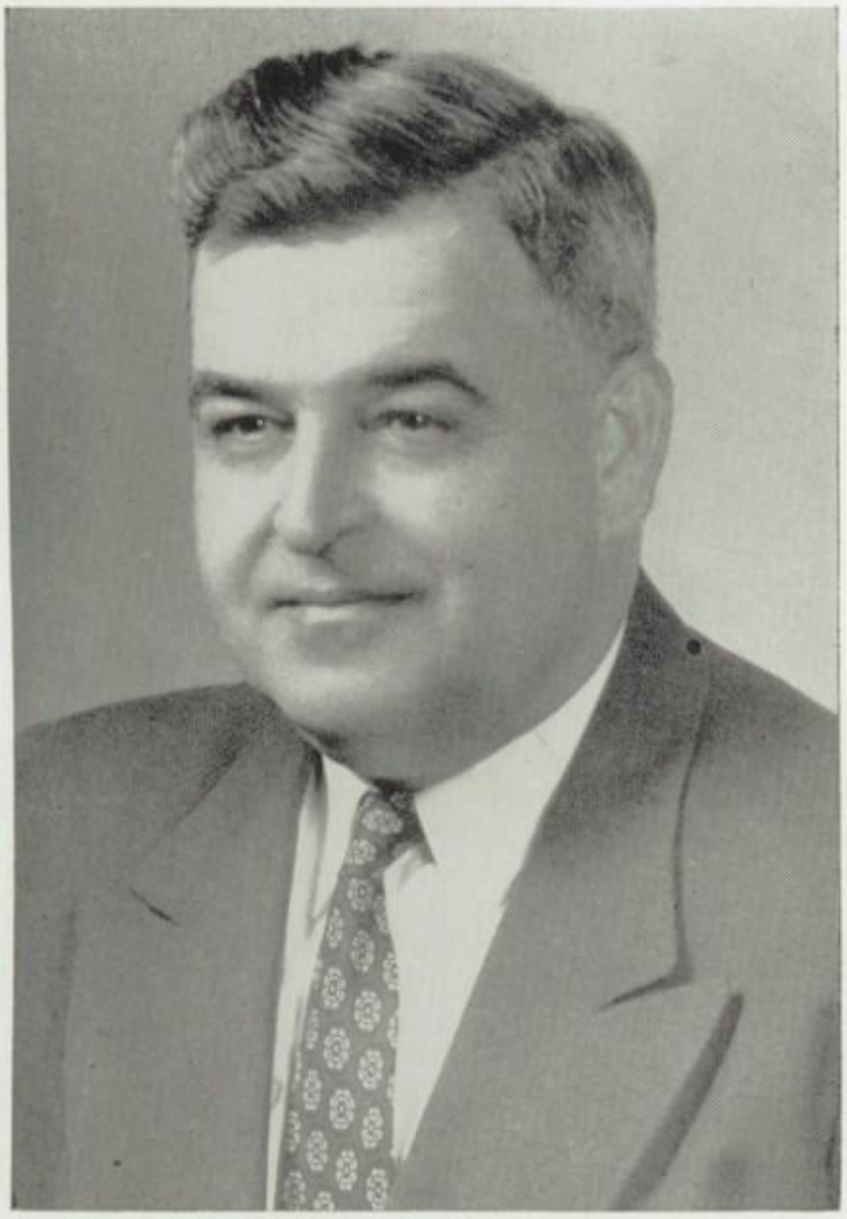
STUDIES





Superintendent Meryl A. Bird

At the head of the entire school system is the superintendent, Mr. Bird. Ultimately just how our schools should operate and how far they should branch out in furnishing services is decided by the citizens of the Cadillac school district. To represent them they elect a school board which in turn entrusts the superintendent with the actual task of supervising the business of education.

The activities in which we are particularly interested are those carried out in the high school. As we go to our classes every day and dash from one extra-curricular activity to another, we seldom stop to realize that all these separate activities must follow a definite policy and plan. The man who stands at the source of all the branches of our school life and sees that they are functioning properly is our principal, Mr. Mills.

Principal George H. Mills

With patience and understanding, **Rex Austin** teaches the students the principles of good driving. He attended Central Michigan College and the University of Michigan. He has a B. S. and an M. A. degree. Mr. Austin is the dean of boys and faculty manager of athletics.

The busy man in fourth wing is **Edward A. Babcock** teaching chemistry, physics, algebra, and journalism. Mr. 'B'' received an A. B. degree from Central Michigan College and an M. A. degree from Michigan State University. He is Hi-Y adviser and Cadillacan sponsor.

Wherever you go in school you're apt to meet **Hiram R. Becker.** Besides teaching English and world history, his activities include athletic director, football coach, varsity club, and senior class adviser. He received his B. S. degree from Central Michigan College.

A new man in Cadillac High School this year is **William Braun,** teacher of industrial arts. He received a B. S. degree from Western Michigan College last Spring and is getting his first teaching experience in our school. He is one of the advisers of the Arts and Crafts Club.

Rex Austin — Edward Babcock
Hiram R. Becker — William Braun

Edward A. Cameron — Frieda Dell
Clyde J. Flickinger — Herald Grasman
Beatrice J. Hutchins — Wilma Keeler

The man who handles the high school bank is **Edward A. Cameron,** teacher of bookkeeping and general business. Ferris Institute granted him a B. S. degree and Wayne University his M. E.

Difficulties in typing are easily straightened out by **Frieda Dell.** She also teaches business training. The B. S. degree was granted her by Michigan State Normal College. The Tri-Hi-Y Club appreciates her help as adviser.

Always ready with a bright smile and friendly remark is **Clyde Flickinger,** the art teacher. He has attended Central Michigan College of Education, the University of Michigan, and the University of Colorado, and has B. S. and M. A. degrees. Mr. Flickinger is a junior class adviser and teaches in the adult education program.

Herald M. Grasman teaches junior and senior high physical education. Central Michigan presented him with his B. S. degree. He is also the assistant coach of football, basketball, and track.

Our dean of girls, **Beatrice J. Hutchins,** is just the woman to see when in need of good advice. She teaches geometry, algebra, and trigonometry. Her A. B. degree was granted her by Western Michigan College.

Teaching the girls how to be good homemakers is **Wilma Keeler.** She is co-sponsor of the Future Homemakers of America. Central Michigan College gave her a B. S. degree.

Alice Kenaga
Gerald C. Lillie
John Lannon
Eunice Malleaux

Central Michigan College granted a B. S. degree to **Alice Kenega.** Beginning and advanced shorthand and typing are her subjects. She is also a junior class adviser.

The scene of many interesting debates and discussions is **John A. Lannon's** room. He teaches government, economics, and business law. The University of North Dakota granted him his B. S. C. degree. Besides being a senior class adviser, he is an assistant coach in football, basketball, and track.

Along with teaching related training, **Gerald C. Lillie** is coordinator of the work program and the director of adult education. Mr. Lillie has a B. S. degree from Central Michigan College. He is a junior class adviser.

Teaching us the important and interesting events in our nation's history is **Eunice Malleaux.** She received a B. S. degree from Northwestern University. She works with the senior class as an adviser.

The lady with the cheery smile is **Frances Messner.** Besides teaching English she is a senior class adviser and Y-Teens sponsor. The University of Michigan granted her an A. B. degree.

Friendly **Dana J. Meyer** teaches English to the sophomores. She attended Kalamazoo College and the University of Michigan and has A. B. and M. A. degrees.

Helping the students with research work and leisure reading is **Ila I. Minier,** our librarian and junior class adviser. Miss Minier attended Central Michigan College where she received her A. B. degree, did graduate study at the University of Denver and attended the School of Librarianship. She is also sponsor of the Cadillac chapter of S. L. A. A. M.

The only teacher to change her name this year was **Pat Roesler.** Besides teaching girls' physical education, she is G. A. A. sponsor and has charge of the varsity and reserve cheerleaders. The B. S. degree was granted her by Northern Michigan College.

Another new teacher in the building is **Glenn R. Spriggs** who teaches industrial arts. He attended Northeast Missouri State Teachers College and has B. S. and M. A. degrees. He is a sponsor of the Arts and Crafts Club and of the Safety Club.

All vocal music, choir and glee clubs, is under the direction of **Jack Stevens.** He also spends some time in junior high and Cass school. Mr. Stevens attended Michigan State University where he received a Bachelor's and a Master's degree.

The beautiful band music heard coming from the music room during the third hour is under the direction of **Donald J. Stockwell.** He also directs instrumental music in the junior high and grade schools. Mr. Stockwell received his B. S. degree from Western Michigan and his M. M. from Michigan State.

In his speech classes **M. W. Van Oostenburg** trains tomorrow's great speakers. Mr. Van also teaches Latin and play production and is Log adviser, director of the junior-senior play, and a sophomore class adviser. An A. B. degree was received from Hope College and an M. A. from the U. of M.

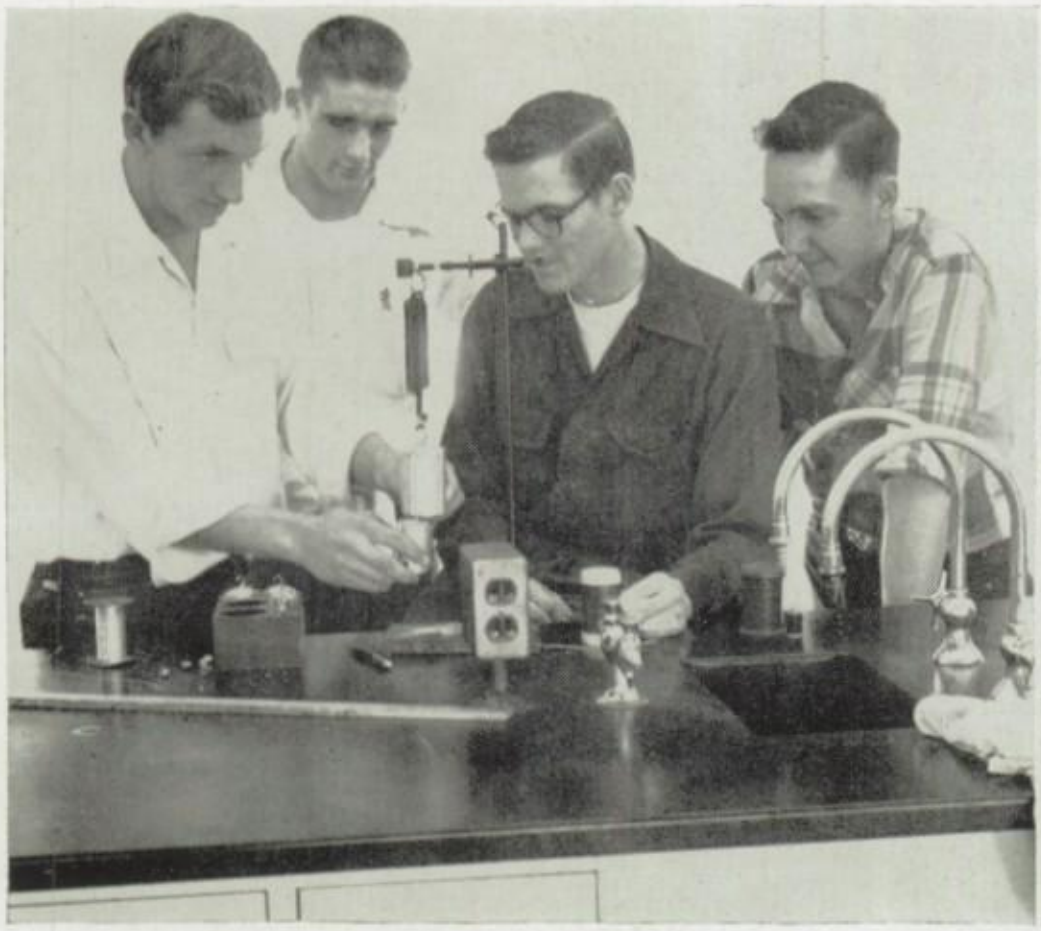
Every Monday night you'll find **Mary Elizabeth Vilas** working as laboratory assistant in the Community College Biology class conducted by Central Michigan College. She attended Central Michigan College and the University of Michigan, has B. S. and M. A. degrees. She teaches biology and English.

Sophomore and senior English and French are taught by **Loraine H. Worden.** She is sophomore class adviser. An A. B. degree was given to her by Hope College, and she did graduate work at the University of Michigan.

Donald J. Stockwell | M. W. Van Oostenburg
Mary Vilas | Loraine H. Worden

The teachers have a little party on Mr. Mills' birthday. Pouring the coffee is Mrs. Messner. Lined up at the table are Mr. Flickinger, Mrs. Lillie, and Miss Kardell. Behind Mr. Flickinger is Mr. Babcock.

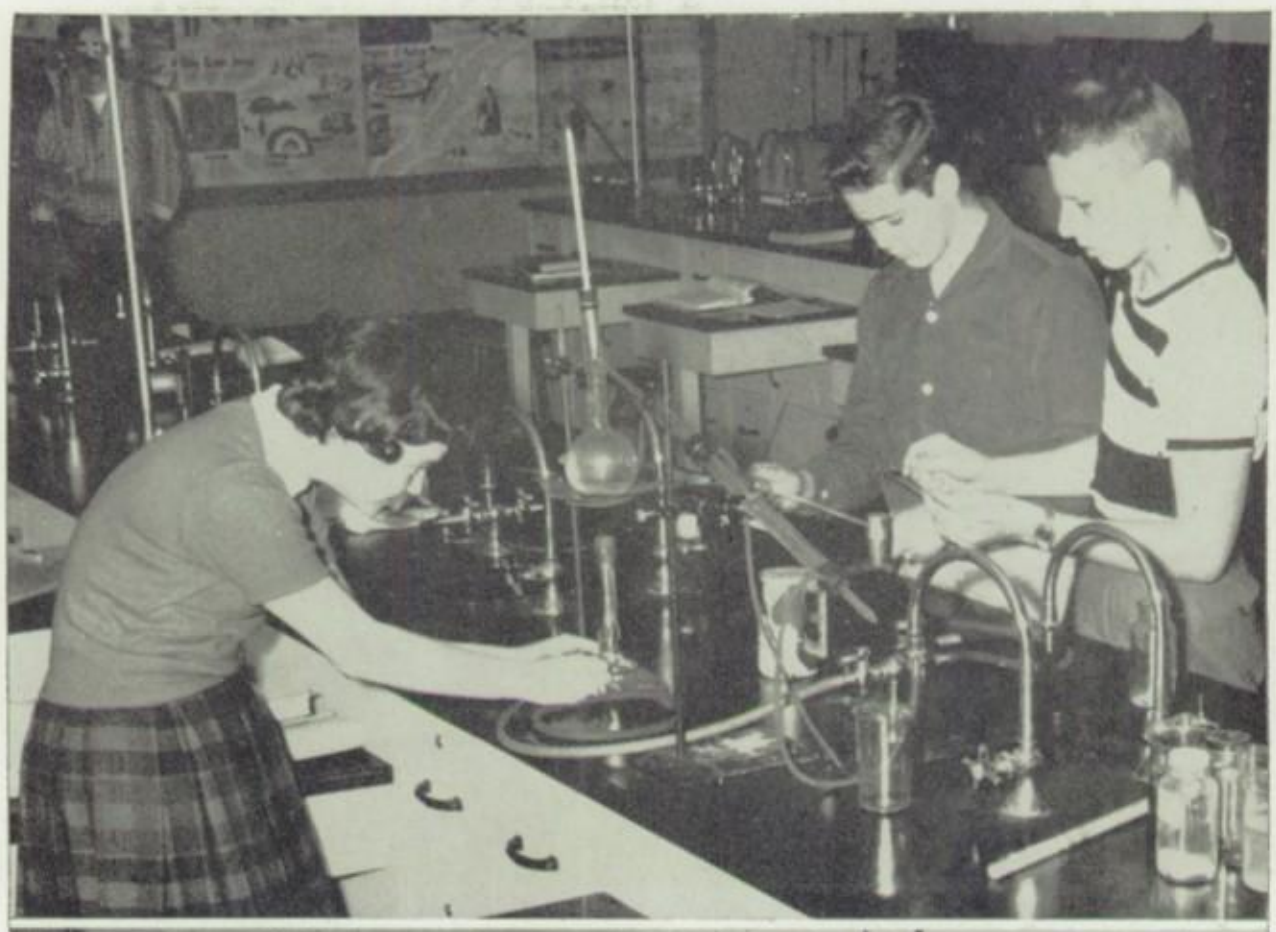
When Miss Nicholson and Mr. Roesler were married, the teachers held a tea in their honor. **Left:** Around the table are Mrs. Messner, Miss Vilas, Mrs. Worden (seated), Mr. Roesler, Miss Nicholson. **Right:** More of the teachers. Standing are Mr. Lannon, Mr. Flickinger, Mr. Becker in plaid shirt, Mr. Lillie, Mr. Stockwell, and Mrs. Dell. Mrs. Worden (left) and Mrs. Malleaux poured.



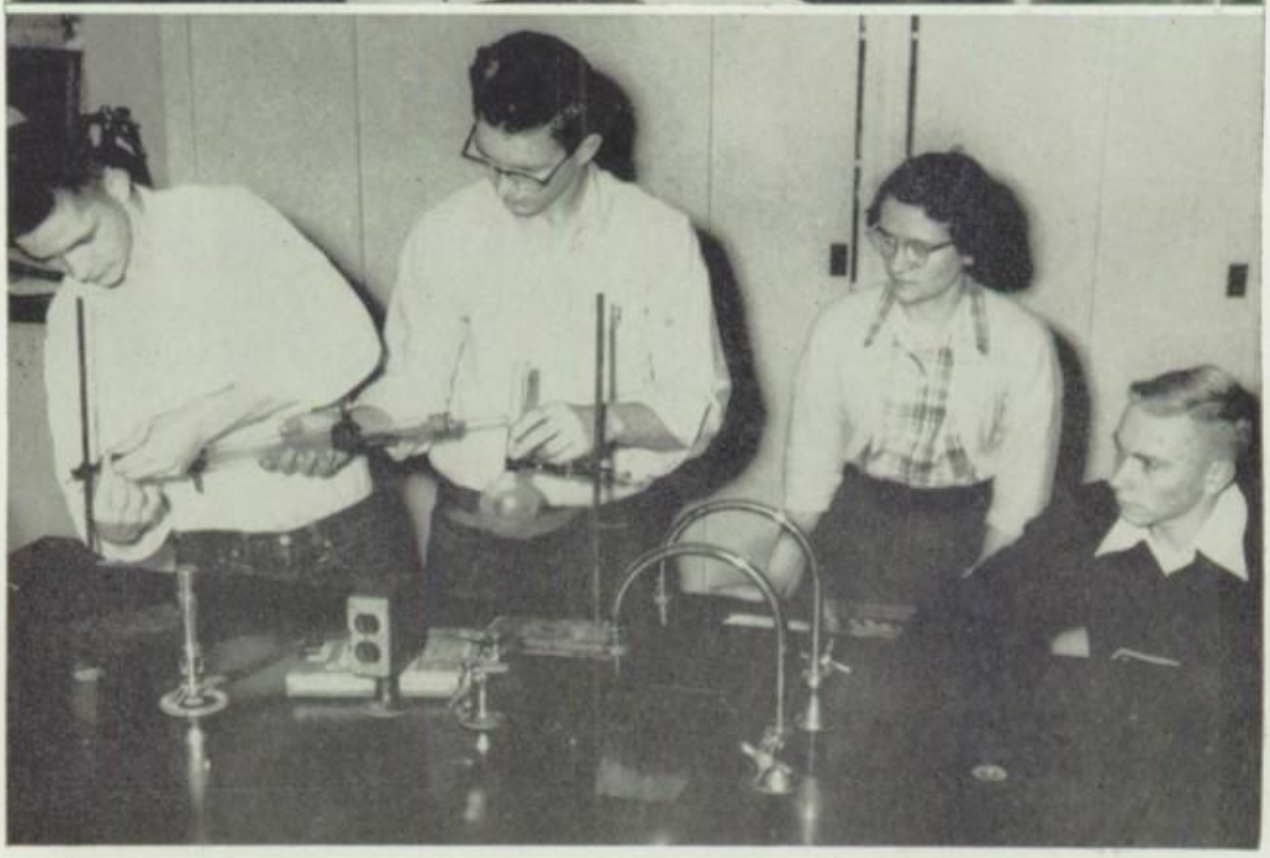
Left: James Spolyar demonstrates Hooke's Law to Loyd Lamphere, Tom Brown, and King Anderson. **Right:** Pauline Garrow and Carole Mooney study the Brownian movement.

Budding Scientists Learn Eternal Truths

Science has remade our world. Some of it is science newly learned, some of it is as old as man's recorded history. All of it is touched upon in our biology, physics, and chemistry classes, even though we can't hope to learn it all in three short years.



To distill water is the experiment being conducted by Elizabeth Spoor, Richard Vatter, and Harold Salive.

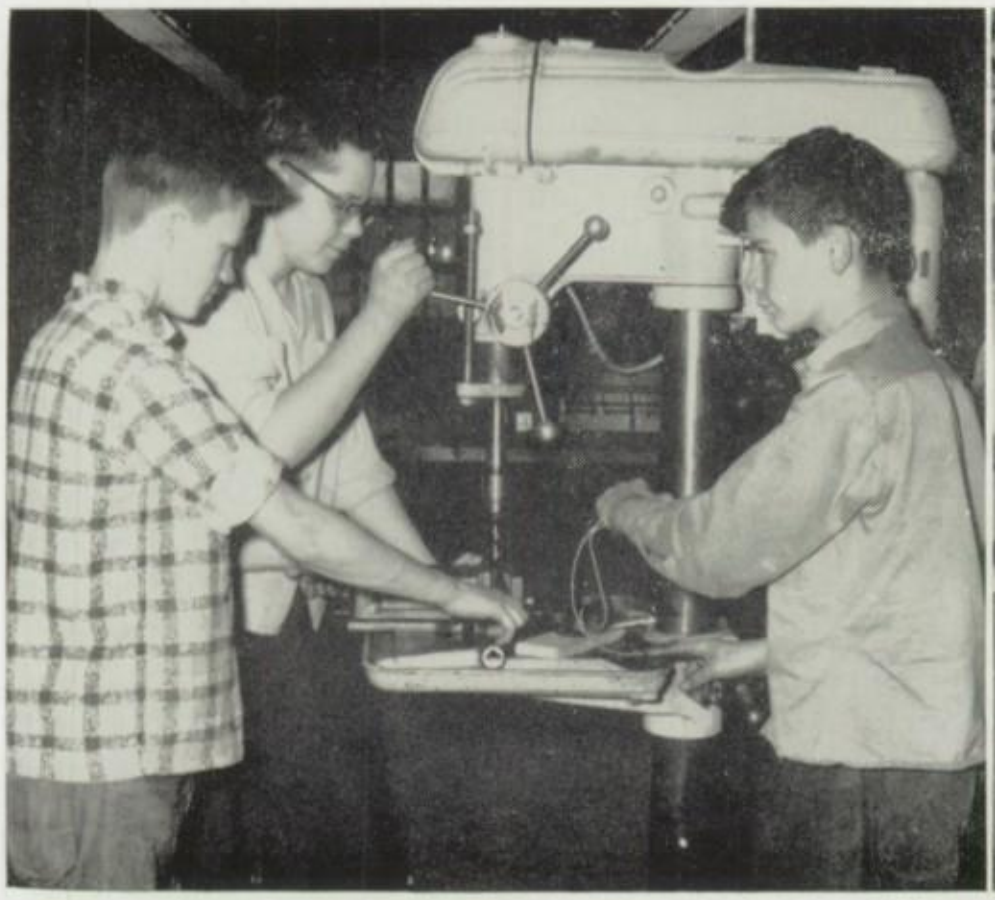


David Evans and Robert Hitesman set up the apparatus for an experiment in fractional distillation while Marcia Furney and Ray Anderson watch the job.

During a biology class lesson on weeds Judy Powell and Lois Gran discover a patch of common mallow weed, better known as "Chesses."

Lamb's quarter, another weed, is examined by John Walters and Harley Peterson.

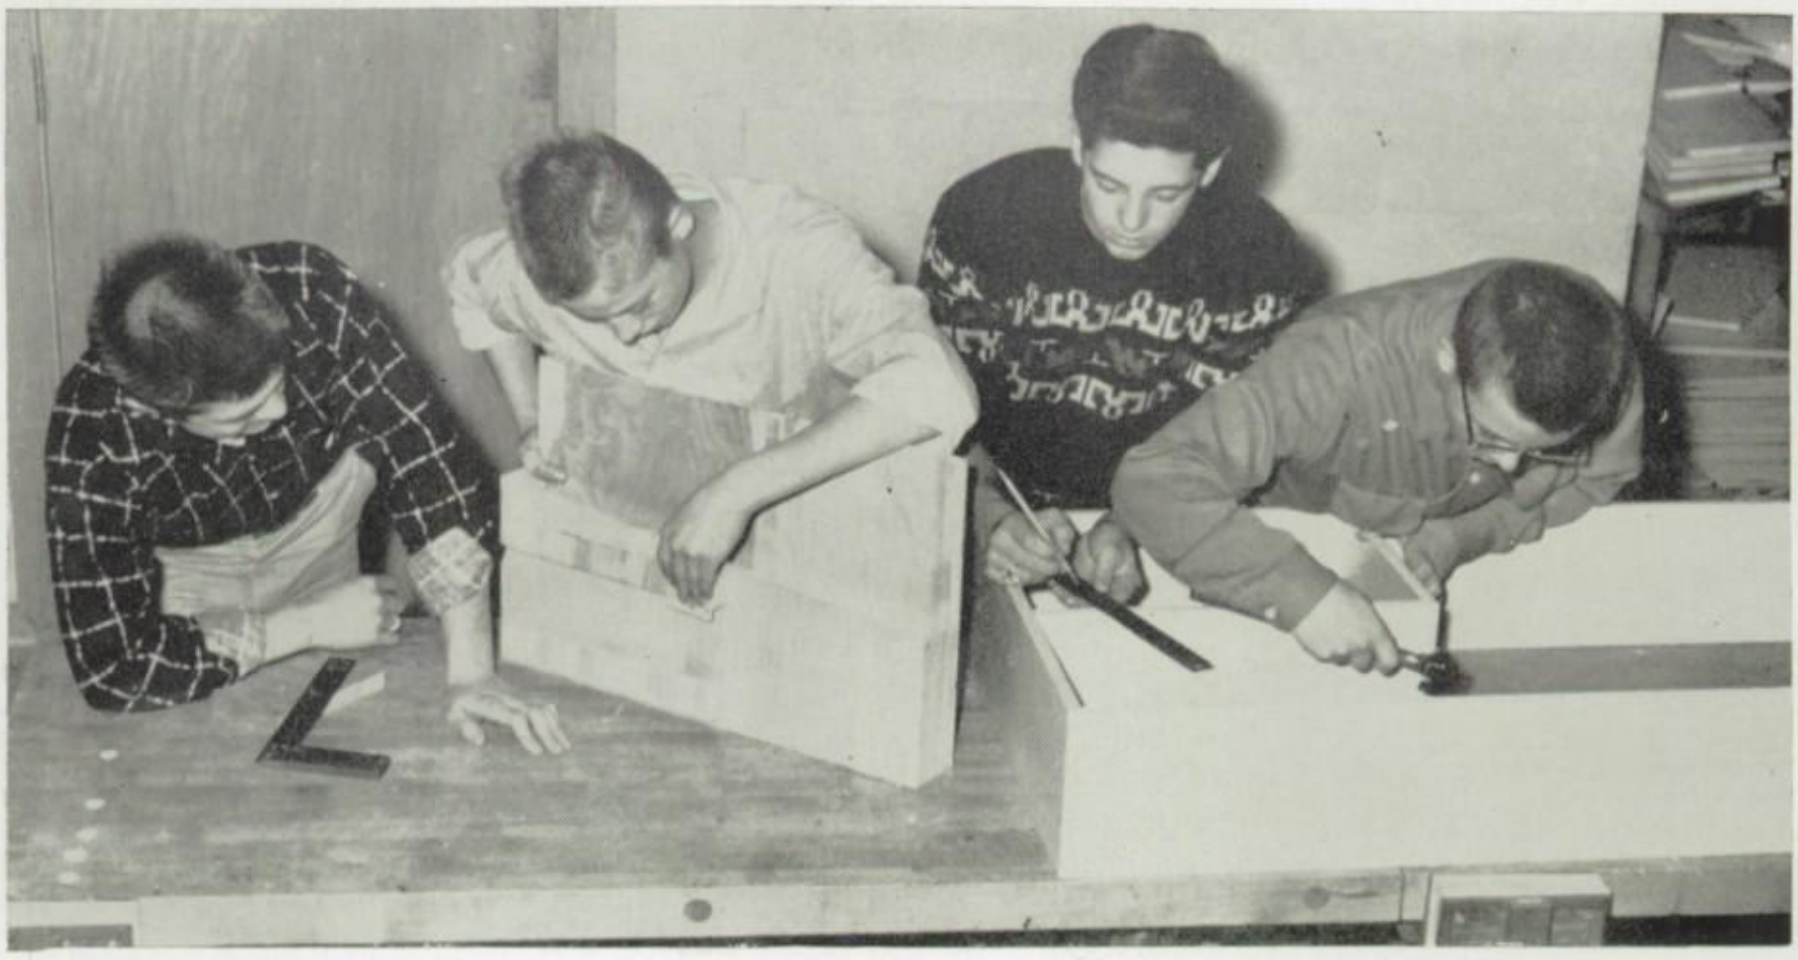
Joyce Moulton takes notes as John Walters and Eugene Motzer describe the cinquefoil weed.



We Learn to Work with Our Hands

With hammer and saw, with T-square and drawing board, with forge and drill press, students at C.H.S. learn the various skills of satisfactory shop work.

Boys in wood shop make many useful articles to suit their own needs and inclinations. In this busy group are Charles Banks, Robert LaChonce, Terry Herald, and Jeff Currier.



Thomas Fisher, Larry Phillips, and Earl Oram operate the drill.

Jack Keller, Bill Loveless, and Michael Barinotti use the circle saw.

Kenneth Cooley (right) demonstrates the shaper to Larry Johnson, Douglas Josuns, and Douglas Bromley.

Mechanical drawing students James Young and Dick Cooper get help from their instructor, Mr. Braun.

Heating the metal and readying the sand to make molds are Paul Altman and Richard Brink in metal shop class.

Left: Sophomore speech students give demonstrations. Charlo Campbell made a carnation and put it in Mr. Van's coat lapel. **Center:** Want to know how to put a bridle on a horse? Lee Brown shows how as John Carlson impersonates a horse. **Right:** Jack Benson shines Bob Spicer's shoes.

You Want the Floor? You May Have It in Speech

To be able to speak clearly, distinctly, and forcefully is one of the needs of citizens in any democracy. This training is not overlooked at C.H.S. All students in the sophomore and junior grades are required to study speech one day per week. Declamations, orations, extempore speeches, dramatic readings, and debates are common experiences for C.H.S. students as they gain confidence in addressing an audience.

Left: Audrey Carlington gets a nail polish job from Judy Bailey. **Right:** Virginia Henderson makes a sandwich. Watching the demonstration and hoping to get the sandwich are Phyllis Girard, Mary Calkin, and Dave Brehm. Dave looked hungrier than the girls so he got the sandwich.

Upper left: Carol Boughner and John Beattie admire Mary Lou Lindstrom's fudge-making technique. **Upper right:** Charleen Jurkowski gets the salad Judy Matthews has made. **First right:** Lois Loveless passes her fudge to Larry Bowman, Tom Fisher, Mary Flint, and Inez Marvin. **Second right:** Douglas Brown shows Harold Briggs and Barbara Feltman how to shine shoes. **Lower left:** Eleanor Elenbaas blacks Nancy Johnson's suedes. **Lower right:** Mary Blackmer gets first aid information as Joanne Fagerman bandages Marilyn Brink's ankle.

When the citizens of Cadillac go to the polls the students of C. H. S. do the same thing in school, voting on the same issues and candidates as their elders do. At last Fall's municipal election students working as election clerks were Mary Ann McCarthy, Paul Altman, Dick Thompson, and James Spolyar. James Curtis presents his application for a ballot.

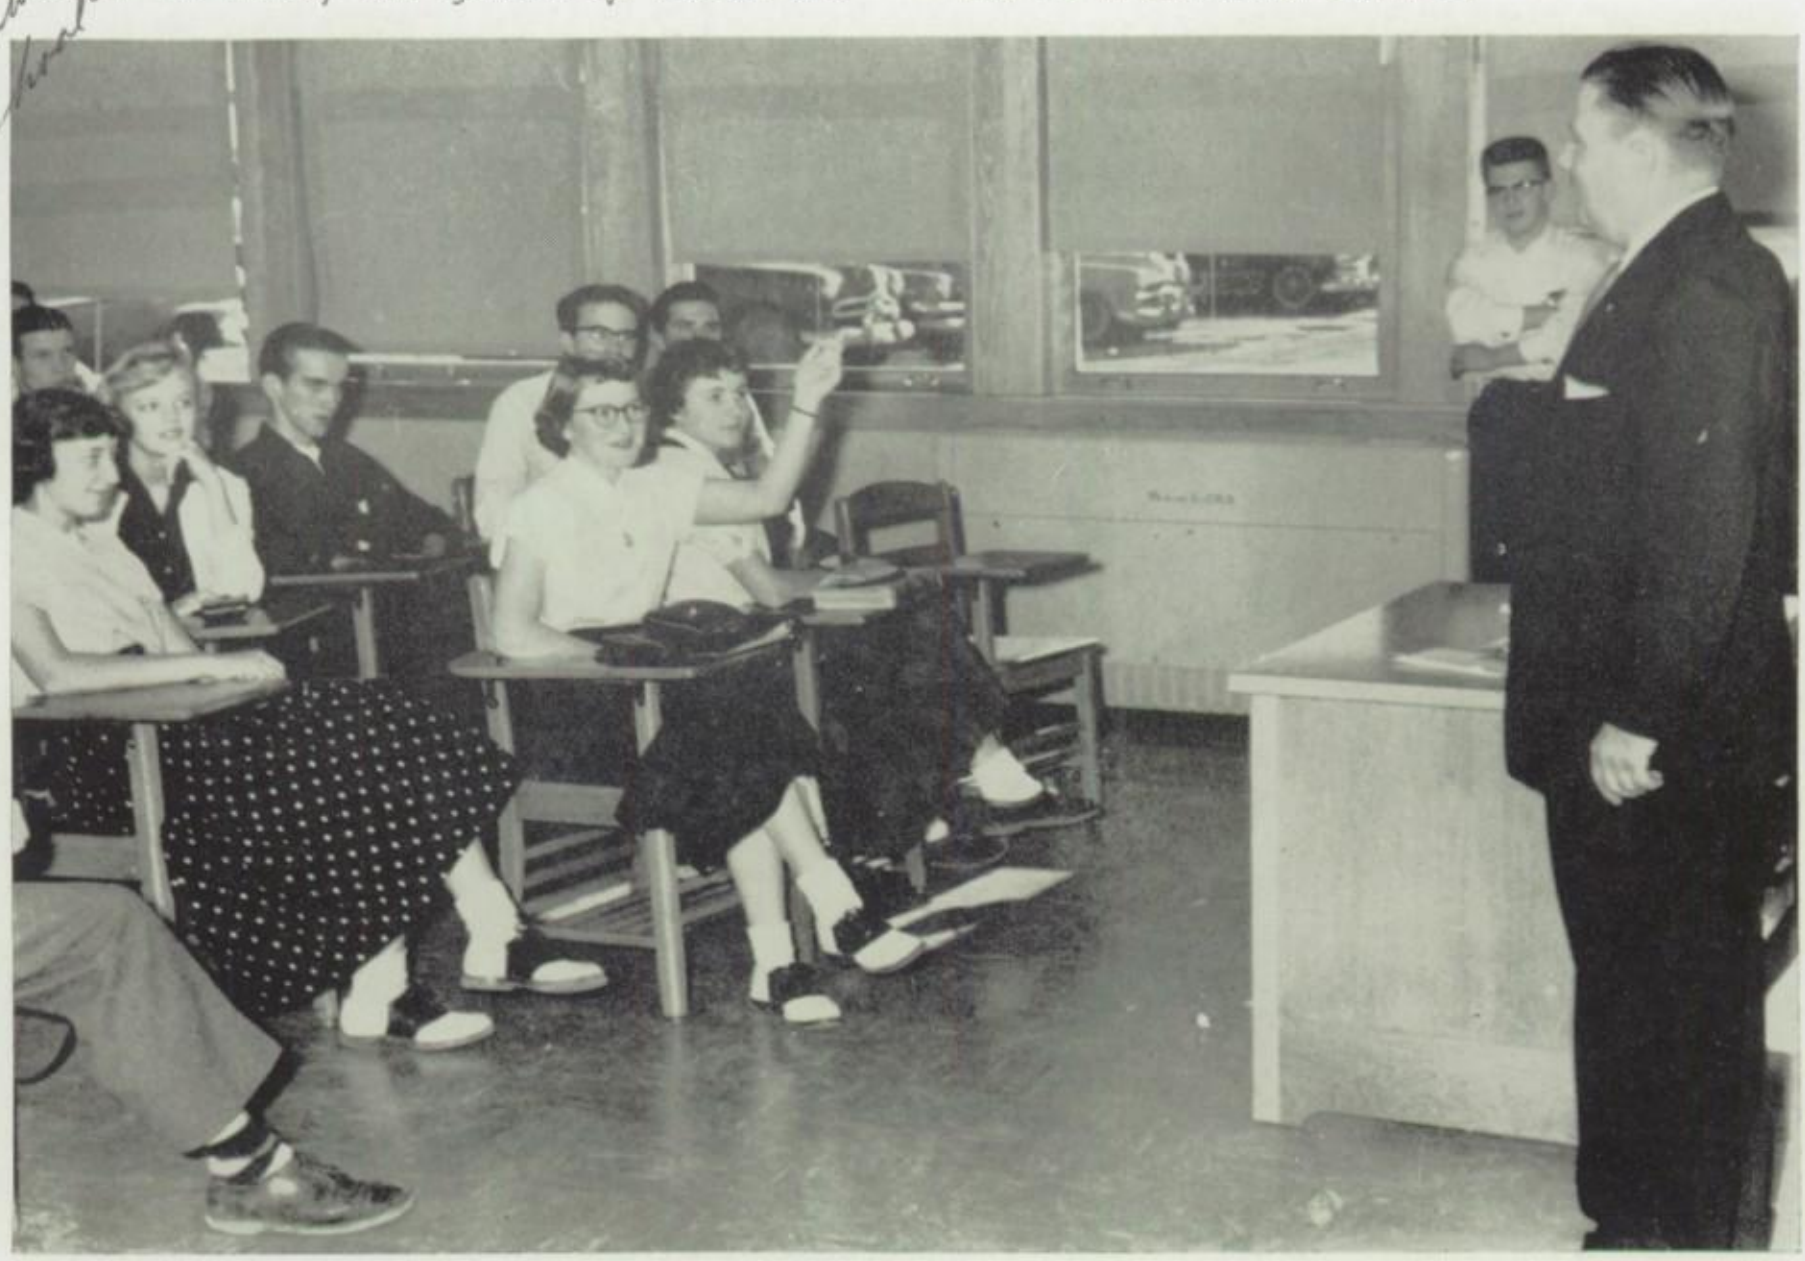
Learning the Ways of Nations and Peoples

History, government, and economics, voting and making out an income tax form, the ways of war and peace, they are all part of the many subjects studied, considered, and discussed in the social science courses of a modern high school.

Left: The parade of students files past the workers to pick up their ballots. **Right:** Part of the voting procedure is to learn how to fold the ballots. Gary Arrington and Duane Anderson hand their properly folded ballots to election clerks, Joan Plowman and Corinne McGuire.

The election over, the clerks go to work tallying the votes. Frequently the results of the school election closely parallels the city vote. Last fall, however, the students differed greatly.

Mr. Shiraef, authority on European affairs, addressed the history and government classes and gave them first hand information about conditions and life in communist countries.



Connie Lewis, Phyllis Green, Margaret Rice, Barbara Nickerson, and Thomas Thurber try block printing.

Training in Artistic Expression

Halloween wouldn't seem complete without window painting by the art classes. Here Nancy Richardson, Judy Worden, Phyllis Green, Barbara Nickerson, and Karen Stayer paint the J. C. Penney Company window. Penney was one of two windows assigned Senior High students.

Left: Connie Lewis talks with an interested future art student while Rosetta Baldwin, Maureen Kelley, and Deelores Benson decorate Penney's window. **Right:** Barbara Arrington, Donna Trowbridge on the ladder, Norma Jean Dubey, and Erma Powers work on a pumpkin and cornstalk masterpiece in the Halloween spirit for Kryger's window on the Cass Street side.

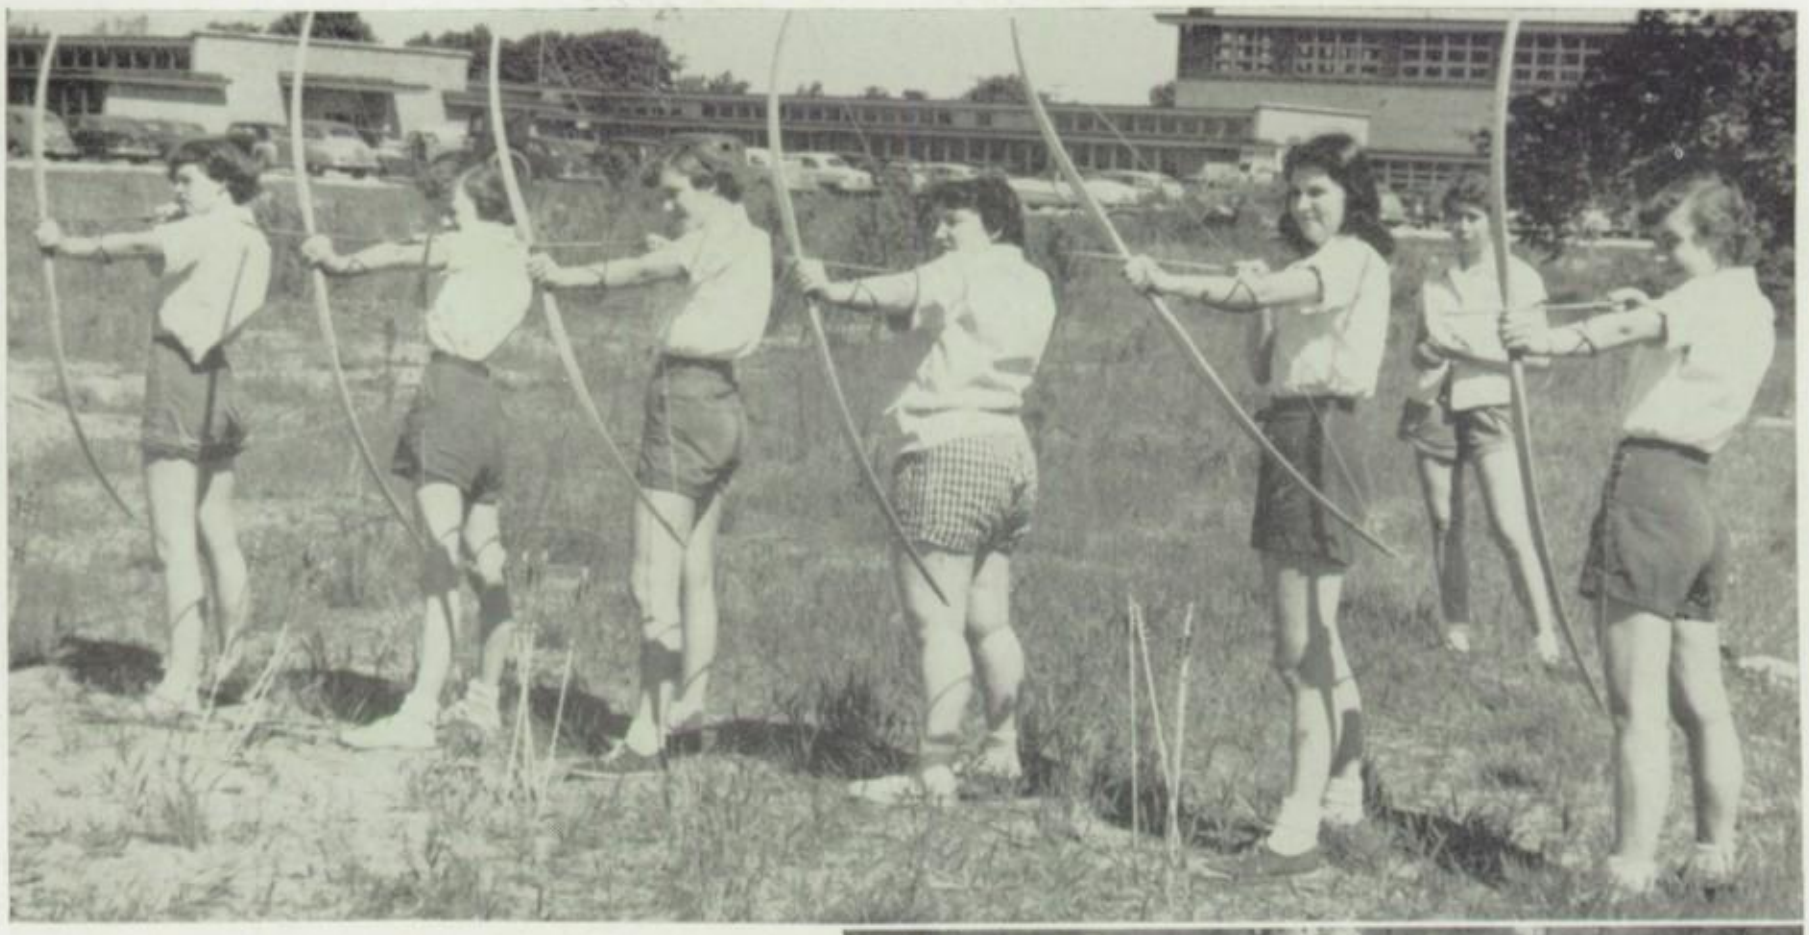
Beginning art students, Rosella Racine, Alice Planck, Dolores Morris, and Joan Lakies, paint a hunting scene and witch's cauldron on the wide Mitchell Street windows of the Kryger Furniture Company. The kids like Kryger's because of its large glass area.

Even archery has become a part of the training in physical education. Shown here with bows and arrows are (l. to r.) Claudia Towers, Delores Uptegraft, Leona Johnson, and Rachel Betten.

Girls Play as They Learn Athletic Skills

A look at the pictures on these two pages shows how far physical education for girls has come since the days when it consisted only of calisthenics.

Whether it's in gym class or at a picnic, the girls have a good time throwing the basketball.



Upper: Frances Feeley, Barbara Arrington, Donna Trowbridge, Patricia Wonsey, Marguerite Robertson, and Carolyn Huckle try archery. In the background is Shirley Merritt.

Right: A hard drive to center sends Nancy Powell scurrying to first.

Lower left: "Horse shoes" is another popular sport. Here Roselle Townsend and Linda Mickleson try for a ringer.

Lower right: After shooting there's always the problem of retrieving.

Homemakers Have Complex and Exacting Job

The modern mistress of a home has to know how to do many things. Preparing meals, purchasing and making clothes, minding the baby, selecting furniture, operating the washing machine, planning a budget, wrapping Christmas gifts, oh, there are a million and one things the 1956 homemaker has to know how to do! Our homemaking classes teach the girls how to do these things.

Right: Girls in home making classes carry on various projects. In the picture above Helana Bilkey helps fit a dress that Helen Nichols is making.

Judy McComb and Lepha Engler pin patterns on skirt material.

Connie Lewis, Janet Laizure, and Marilyn Erdman lay out their cloth preparatory to pinning on the pattern.

When we speak of instrumental music many of us think only of the band. However, much of the work is done with small groups like Kathleen Emerson, Larry Young, and Douglas Stephenson with whom Mr. Stockwell is working.

Making Music with Voice and Instruments

Branching away from the regular academic subjects but still a part of the regular school curriculum is the program of the music department. Every day finds the band members rehearsing in the music room for concert and marching work. The vocal students meet, too, for instruction in the art of singing.

Seventh hour finds boys and girls working together to learn numbers which they will present in the operetta, the Christmas program, or some other public event.

Commercial students learn how to operate the many new machines used in the modern well-equipped office. **Left:** Delores Uptegraft operates the Friden calculator while Virginia Soukup tries her hand at the duplivoice. **Right:** Delores Smrekar is at the Burroughs Calculator and behind her is Genevieve Shepherd operating an electric typewriter.

New Machines Train Students for Business

The day is past when the commercial students can confine their commercial training to shorthand, typing, and bookkeeping. Inventors have provided the modern office with various types of speed-up equipment and our students must learn to operate them

Typing students practice on their machines to become tast, efficient typists.

A driver can't always phone the garage for road service, so driving students must learn how to change a tire in an emergency. Learning this unpleasant chore under Mr. Austin's direction are Faye Henderson, James Beattie, and Eugene Motzer. Delia Knapp is setting the flag for parking.

Driver Training Makes Better Drivers

Driver training students use various methods to judge their reaction time and their ability to judge distance. Shown here are Gerry Keeler, Jeanette Husted, Frances Majerle, and Ardith Jacobson.

Last December Gordon Thompson, extern teacher from Central Michigan College and graduate of C. H. S., assisted in Miss Hutchins' mathematics classes. Here he demonstrates a theorem in plane geometry to sophomore students Tim Coffey, Joe Keller, Kathleen Worden, Deeloris Benson, Joan Morency, James Heady, and Ross Kittleman.

French, Latin, Math, They Help for College

Almost every student who is going to college, and some others, must get a number of majors and minors. You'll see those folks proving theorems in mathematics classes, conjugating verbs in French and Latin classes, and enjoying English literature.

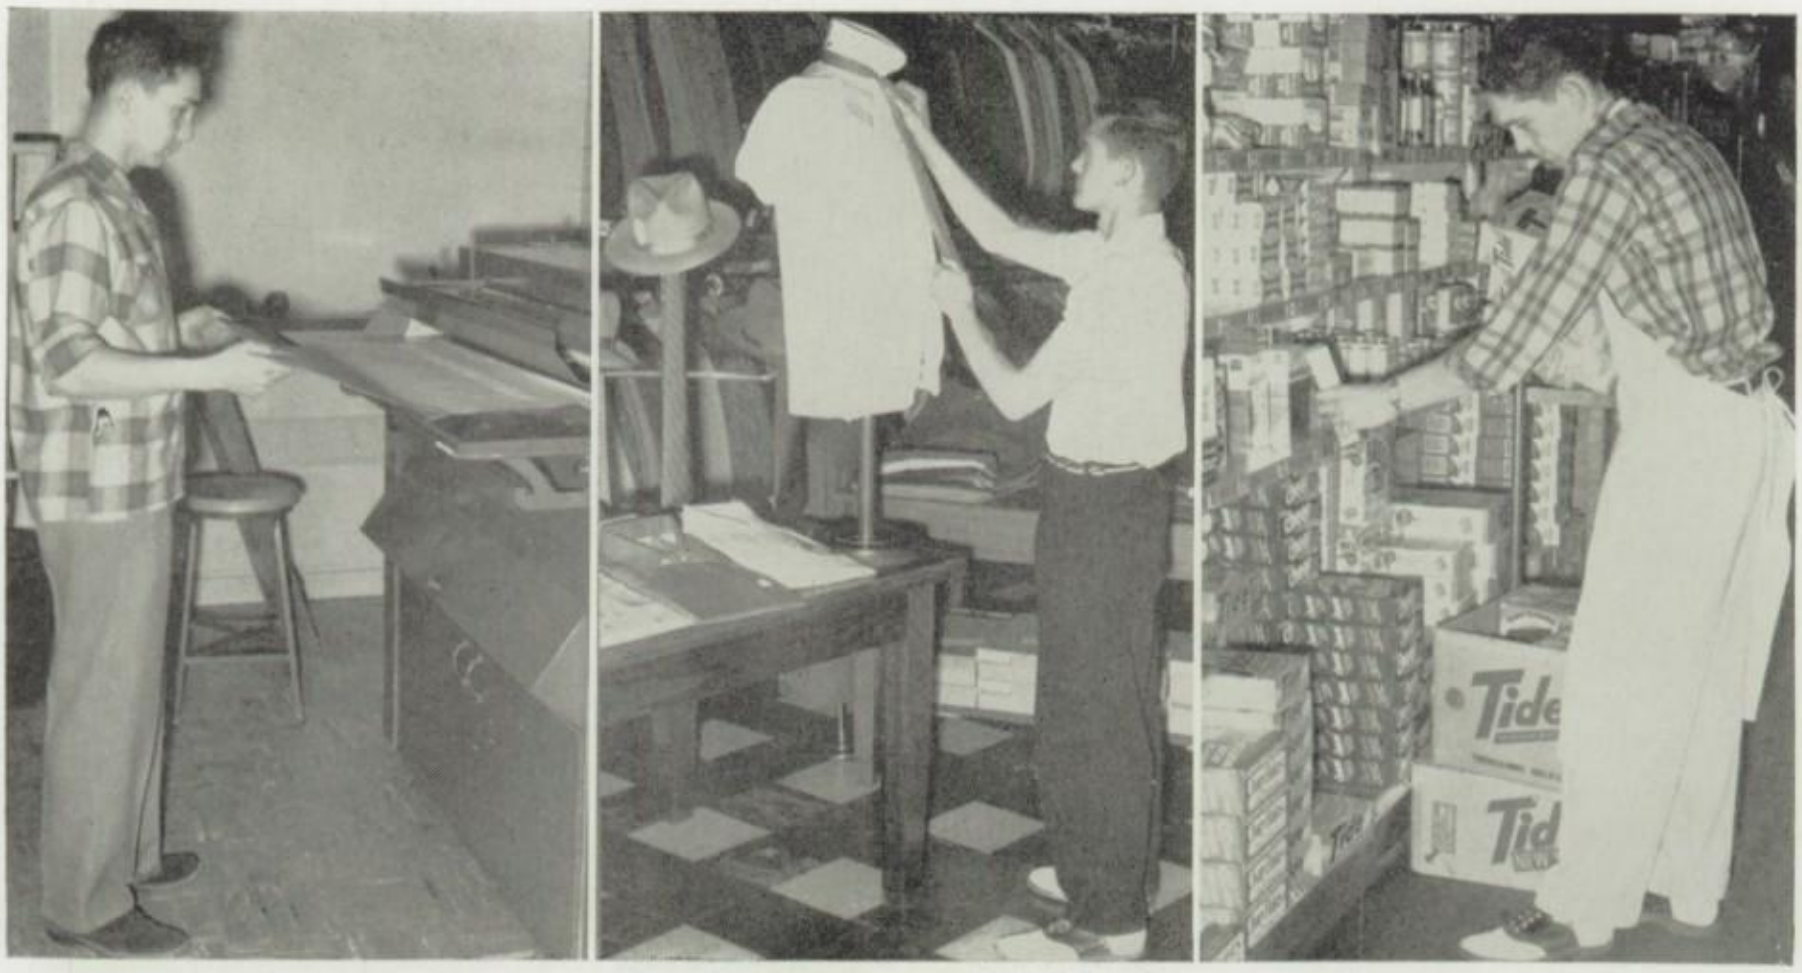
Senior English students illustrated scenes from English literature with puppets. At left are Sheilia Blaugh, Maria Anderson, and Dorothy Faunce. At right are Janet Lamphere, Dorine Wessman, and Mary Ann McCarthy with dolls illustrating characters in English literature.

Stepping into the library for a quick look at the latest magazines are Marcia Furney, Charleen Jurkowski, and Virginia Henderson.

Going to the board for composition work in Latin class are John Wolcott, Helen Nichols, David Sjoberg, and Beverly Potrude.

On College Day Rachel Betten, Joyce Moulton, and Janet Segerlund talked with Mr. Henry C. Dykema about courses at Michigan State University.

A representative from Michigan College of Mines explains the opportunities at his school to James Curtis, Jim's mother, Mrs. Frances Curtis, Ronald Dahlquist and Tom Brown.

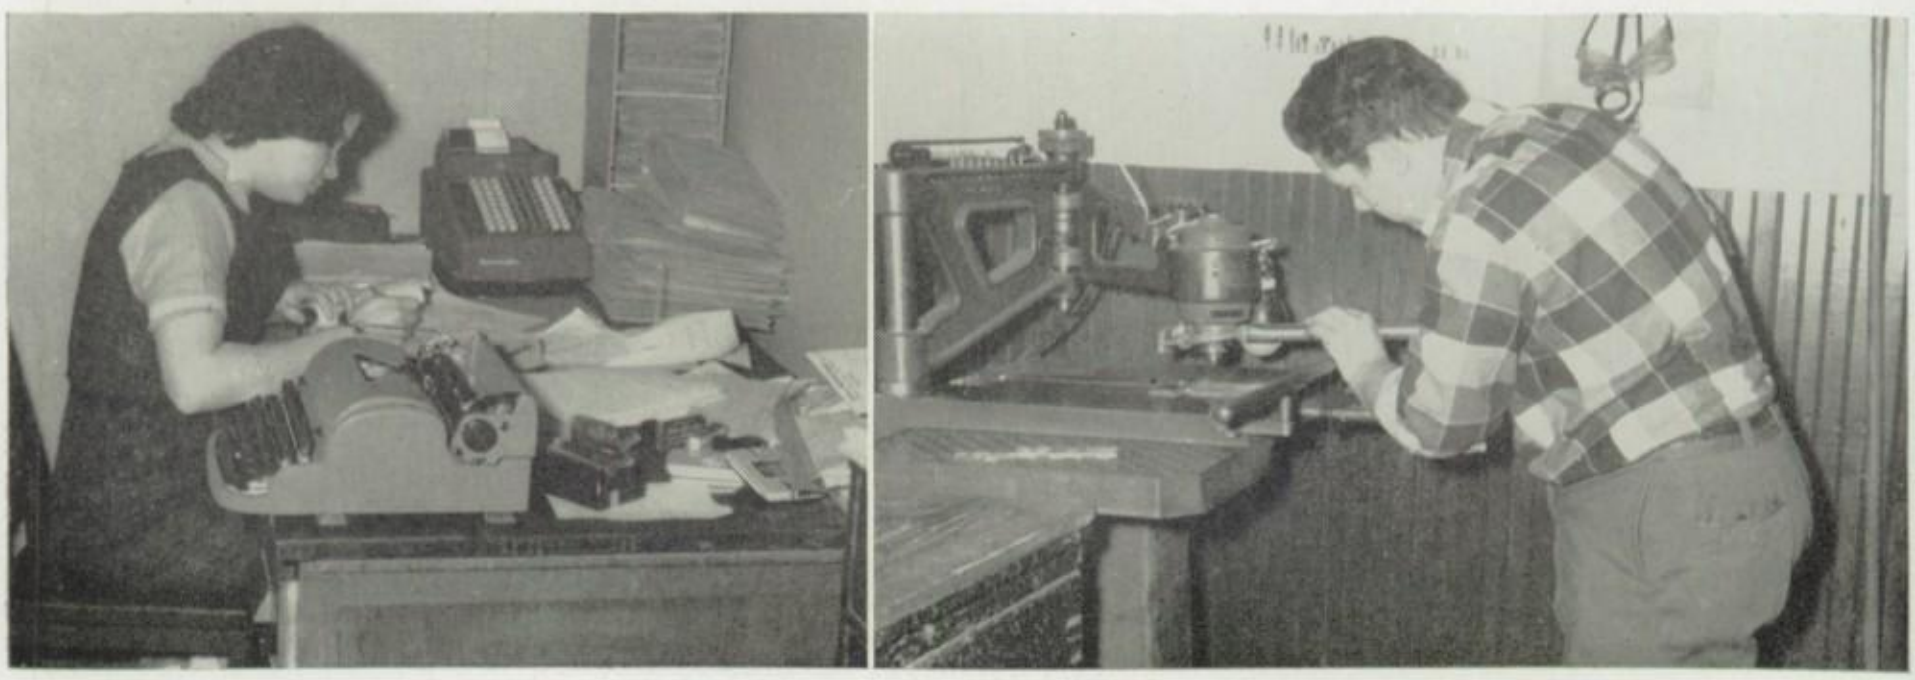


Left: King Andersen takes his training in the drafting department of the Kysor Heater Company. **Center:** Dick Whitney learns how to make a man well dressed at Ted Brown's. **Right:** Marshall Kuriger checks the stock and fills the shelves as a budding grocer at the Shopping Basket.

School Credit for on the Job Training

C. H. S. is really branching out when it comes to the type of learning for which students can obtain school credit. From time immemorial students have been going to school and working after school. Our after school work has become recognized as a definite part of education as the school supervises students on the job.

Left: Lois Alderton learns how to be the efficient office girl at the Cadillac Printing Company. **Right:** Walter Freese is the handy man at the printing department at the Cadillac Evening News.



Secretaries to Mr. Mills and Mr. Bird are Mrs. Lillie (left) and Miss Kardell. Their days are filled with the jangling of telephone bells and the clatter of typewriter keys.

They, Too, Work Around the Place

Always rushing around with dusters, vacuum cleaners, and floor polishers, are the custodians, Mrs. Leatherman, Marvin Doornbos, Ed Keller, and Frank Edwards.

In the kitchen are the cooks, Mrs. Van Pelt (left) and Mrs. Olney, who know just what the students like for lunch in the cafeteria.

Vikings Tie for Conference Title

This year was the tenth best season any Viking squad has had in the history of the school, and the best in five years. The well-balanced Vikings brought home the bacon seven out of nine times to tie with Mt. Pleasant for the conference championship and possess the best all-over record of any conference school. Cadillac not only had a strong running team but also a very fine passing attack. Much of the Vikings' success is credited to the Cadillac line, who along with fine blocking and superb tackling, scored thirteen of Cadillac's thirty eight touchdowns.

Cadillac opened with Cheboygan at home and the game ended 44-0 with the Vikings on top. Lloyd Lamphere opened the scoring, with the game only a few minutes old, by intercepting a pass and going the remaining 20 yards untouched. From then on it was only a matter of how high the score would be.

Eight days later the Vikings traveled to Muskegon only to taste defeat, 30-12, the first of their two losses during the season, at the hands of Muskegon Catholic's Crusaders. The Crusaders, who possessed a very sharp offensive unit, were too much for the Vikings and the only result was a long ride home.

The following week Ionia came to Cadillac riding high after winning two straight. The Vikings put an end to the Bulldogs' victorious pace, upending them, 21-12, at Lincoln field. Dick Thompson intercepted an Ionia pass on their 18 and raced into the end zone to open the scoring for the Vikings. Minutes later Ron Gumper fought his way to pay dirt and Cadillac led, 14-12, as the half ended. As the second half started Ken

Part of the picture of the football season is the excitement of the fans. These are whipped to a high state of frenzy at each game by the acrobatics of the cheer leaders. Pictured here are the varsity cheer leaders, top row showing Judy Powell and Sally Munson, front row, Kay Moon, Judy Cass, and Corinne McGuire.

Underneath the pile lies Dick Van Wieren with the ball as he scores another touchdown for Cadillac against Manistee. Other Vikings in the picture are Ron Gumper (12), Larry Veeder (63), and Larry Spriggs (57).

Dodge picked off a Bulldog fumble and raced 45 yards to climax the scoring for the Vikings. Dick Van Wieren kicked all the extra points.

Then the Vikings went to Mt. Pleasant only to fall at the hands of a powerful running team. Mt. Pleasant, which shared the conference title with Cadillac, was high after tripping powerful Ludington the week before and jumped on the Vikings right at the start. Gumper galloped 70 yards for a tally, and MacDonald scored from the 2, but this was not enough to overwhelm the Oilers.

Homecoming was a grand and glorious affair with the Vikings over-powering Petoskey 26-12. Larry Veeder shared the spot light with Queen Corinne and King Jimmie by running back a kick-off 90 yards to put the game on ice for Cadillac. Veeder scored two other touchdowns that night to give

him 18 of Cadillac's 26 points. The Vikings played very good ball against the Northmen and gave the old grads a reason to be proud of their alma mater.

The Vikings had yet to win an out-of-town game, and they traveled to Manistee with but one thing in mind, to scalp the Chippewas. Cadillac did this successfully, 35-20. Gumper sparked the Vikings by scoring three touchdowns and playing brilliant defense. Veeder scored one as did Van Wieren who also kicked five straight extra points.

A big and powerful Ludington team came to Cadillac the next week only to go down to defeat, 20-13. The Vikings had to win this one in order to stay in contention for the title. Cadillac fought hard all the way scoring two touchdowns in the first half and one in the second. The defensive

line of the Vikings played very rugged ball and allowed the Orioles to penetrate into Cadillac territory only twice. Both of Ludington's touchdowns came on long passes covering more than 40 yards each, one coming with only two minutes and seven seconds left in the game.

The Vikings traveled to Big Rapids only to meet a weak and inexperienced Cardinal team. Almost everyone got into the scoring as the Vikings rolled up 49 points while the Cardinals were able to score only 6. The tall wiry end, Frank Majerle, caught two touchdown passes and did a commendable job on defense. Butch Elgas blocked well, ran hard, and toted the pigskin across the goal with some fancy footwork.

Cadillac ended the season gloriously by tromping the Alma Panthers, 33-13. The lads clad in blue and gold were up for this one which meant the conference championship. On the first play from scrimmage Larry

Ron Gumper is stopped by a host of Cheboygan Chiefs.

Veeder ran 27 yards to start the scoring. A little later in the game Van Wieren passed to Dodge for the second tally and the half ended, 14-0. Jack Keller played very good ball for the Vikings scoring a touchdown and sparkling on defense. 55 boys saw action helping to end the season in a pleasant manner.

The Vikings placed Dodge and Thompson on the all-conference team. Gumper and Van Wieren made the second team, and Klifman, Veeder, Keller, and Meyer received honorable mention. Thompson and Meyer were selected as co-captains of the 1955 Viking squad.

Hoopsters Set Single Game Team Record

Highlights of the 1956 basketball season! There were some, but by no means all of them were good. There was that broken bone in Frank Majerle's foot that kept him out of action half the season. There was the virus infection that hampered the team at various times. There were the many games in which the Vikings led at the half only to lose out in the second half. All these added up to a record of twelve defeats.

On the other hand, the team broke a school single game team scoring record by defeating Clare, 84-68. They showed courage, determination, and an eagerness to win that added up to four victories. The boys elected Thomas Gibson captain.

The boys' ski team repeated as Lower Michigan regional ski champions, placing three boys in the top five places; Paul Williams, first; Chad Williams, third; and Richard Schumacher, fourth. Paul Williams was named to receive the annual award for the outstanding boy skier in the lower peninsula. The Viking boys had a better won-loss record than any team in the lower peninsula, winning six and losing only one. Two boys, Dennis Johnson and Paul Williams, were invited to the national junior meet at Fraconia, New Hampshire.

The girls' team had a two win, four loss record and placed second to Traverse City in the regional meet. The Vikings had a very large number of sophomore girl skiers, thus making the outlook for the future very good. The girls were led by Margaret Meyer who was third in the regional and Barbara Miltner who was fifth.

Track Team Tops in Regional Meet

Because of the discontinuance of baseball a very large crop of boys came out for track last Spring. The mercury footers are to be commended highly on their great performance during the 1955 season. They finished first in the regional meet and second in the conference meet.

George Nichlas, who ran the 100 yard dash in 10.2 seconds, tied the regional and school record in that event. He also won the broad jump in both the conference and regional meets. He was elected honorary captain of the team. Ronald Kallenger, James Finger, Richard Schumacher, Mike Walsh, and Ronald Gumper also were high point winners for the Vikings.

Judy Cass and Linda Mickelson presided at the awards table at the regional meet. They pass out smiles along with the medals to the Viking medley relay team boys, Robert Hitesman, Jack Ferris, Ronald Gumper, and Mike Barinotti.

GOLF

Although the golf team, composed of three juniors and four freshmen, was very green, still it had a good record of 5 wins and 3 losses for the 1955 season.

They were sparked by the fine play of Carl Munson who was medalist in 7 of 8 matches. Carl carded a spectacular 83 on a wind blown course in the conference meet in which Cadillac took second.

Freshmen Dave Sjoberg, John Carlson, Philip Paye, and Neil Webb played fine golf throughout the season, scoring extremely low in several matches.

TENNIS

The tennis team won 5 and lost 6 during the 1955 season and took second in both the conference and regional meets. Second place, however, was only 1/4 of a point behind first in the conference and 1/2 point behind first in the regionals.

The team had only one senior so it should be very strong this Spring with the return of Tom Gibson, Kenneth Dodge, Joe Gibson, and Charles and Robert Hitesman.

Dean Kidder, the squad's only senior, was the regional champion and runner-up in the conference meet. Dean's good play was a big factor in the Vikings' success last season. Kenneth Dodge and Thomas Gibson, a pair of juniors, were runners-up in doubles in both the conference and regional meets.

The Log, a Story of Our Happy High School Days

All-American ..... N.S.P.A.
First Class ..... C.S.P.A.

It's a habit at C. H. S., this business of putting out outstanding yearbooks. Last Spring when we went to work on the 1956 Log it was with the avowed purpose of not breaking this good habit. We put in long hours of planning; more long hours of sorting pictures and arranging layouts. Margaret Stroh and Joan Plowman covered the city on their ad selling trips. Larry Johnson followed them with his camera and took the advertising shots. Virginia Soukup mounted photos, Dorine Wessman wrote copy. Robert Meyer wrote up the stories of the various sports. Maria Anderson hounded the home rooms for Log subscriptions. All copy finally passed to Mary Pavlinac, Linda Olsen, and Claudia Towers for typing.

Now that we have finished our task we hope we have accomplished our purpose of presenting to the students of C. H. S. another outstanding Log. May it be a complete story of happy days at C. H. S.

Cadillacan Appears in Evening News

The school year of 1955-56 saw the Cadillacan complete another productive year. A two week subscription campaign got the paper well underway, and a class of sixteen journalism students, under the direction of Mr. Edward Babcock, began the work of putting out a paper.

Jim Shibata and Corinne McGuire are crowned king and queen of the C. H. S. homecoming.

Annual homecoming was again sponsored by the Cadillacan staff. A new project, a bi-weekly page in the Cadillac Evening News, was added to the activity of the class. This project gave the members of the staff more opportunity to gain experience in journalism, and it proved to be a project of interest and value to the community.

Cadillacan received the international first class award from the Quill and Scroll. A banquet took place in November at which staff members received pins of the Quill and Scroll organization. The paper also received a first rating at the North Central Michigan Interscholastic Press Conference, and is a member of the M.I.P.A. of the University of Michigan.

Writing the editorials for the Cadillacan was editor Don Worm, and playing a big part in producing the paper was managing editor Carolyn Huckle. Also keeping busy were Dick Thompson, Rex Reed, and Carl Munson who sold advertising.

Three members of next year's staff, Dave Evans, Richard Vatter, and Sue Henne, joined the staff at the start of the second semester. In addition to assisting in producing the paper, they gained many hours of valuable experience.

The Cadillacan staff sponsored a colorful homecoming celebration during the Petoskey game at Lincoln Field. Hajime Shibata was elected king of C. H. S. and Corinne McGuire was elected queen. Former Viking coach U. J. Noblet crowned the queen. In the group below are Hajime, Corinne, Beverly Scholten, Judy Cass, Geraldine Keeler, Margaret Meyer, Rebecca Barnes, and Mr. Noblet.

Toot! Toot! Here comes the band bringing music into the halls of Cadillac High School. Under the direction of band director, Mr. Donald Stockwell, the bandsmen are kept busy with a full schedule of performances.

Those first whistles out on the field mean that the half time performances for the football games are underway. At first it seems as though many bandsmen have more than one left foot, but after a while things straighten out, and the band takes on the appearance of a more uniform group. Just as this is accomplished we find that basketball season has begun, and the Honor Band joins the fans in cheering the Vikings on to victory. Other activites during the year include the district solo and ensemble festival, the Spring band concert, and the massed band festival. Of course, we must not forget that the band takes part in many parades during the year.

One occasion which is a highlight in the memory of every bandsman is the annual picnic held at the end of the school year.

This year's band officers are: president, Kenneth Dodge; vice-president, Larry Johnson; secretary, Carolyn Huckle; and treasurer, Harley Peterson.

Student Council Sponsors Carnival

The student council has spent a very successful year in improving the school and community through their many projects.

Dances were held in the gym to raise money for school improvements. Student council distributed and collected Christmas bags for the needy people of the community. This year's collection turned out to be the best ever as students used maps to make sure each neighborhood was contacted. A carnival sponsored by the student council was held this spring in the gym with each club and class sponsoring a booth. The money received was used to buy furniture for the school foyer.

The election of officers was carried on by having the two parties, Patriots and Confederates, nominate and campaign for their candidates. The students voted on the candidates of their choice after the campaign speeches were made. The officers for this were Dennis Johnson, governor; David Evans, treasurer; and Corinne McGuire, secretary. Mr. Mills is adviser for the council.

Kay Stephan, Carolyn Huckle, and Dennis Johnson pass out the bags through the office window as the Student Council launches its drive for food for Christmas baskets for the needy.

Vocal Music Students in "Desert Song"

Across the desert in pursuit of the Red Shadow went the students of the vocal music classes when they produced their operetta, "Desert Song," on December 15 and 17. Night of Romance and Pleasure - - the Prom

Comes a time every Spring when students' hearts turn to more romantic dreams than French conjugations and chemistry formulas. Blue jeans, sweaters, slacks and sport shirts are forgotten. The girl across the aisle in history class takes on the aura of a princess. The old jalopy is recognized for what it is—just an old jalopy. Dad's new 1956 number is necessary now.

Recognize the signs? It's time for the prom. Mothers take their daughters downtown to choose a formal. Boys, young men now, can be seen in barber shops and clothing stores. Then comes the big night—the prom. All the elegant young gentlemen with their charming young ladies go to the gym for an evening of dancing and romance. It's a never-to-be-forgotten experience, your high school prom.

The party over, Ronald Dahlquist escorts Margie Stroh to whatever else the night may hold forth.

Juniors Entertain the Seniors at a Big Banquet in the High School Gym

The class of '56 did it again last Spring just as junior classes have been doing for many, many years. The decorating committee decorated the gym with cut-outs of pre-historic monsters, the menu committee dreamed up a tasty meal, the program committee selected a toastmaster and a group of witty speakers. When everything was ready, the juniors invited the seniors and teachers to the junior-senior banquet for an evening of food and fun.

This huge monster, put up by Larry Johnson, Joan Plowman, and Corinne McGuire, was part of the banquet decorations.

Dressed in their finest, the seniors and juniors enjoy the good food and entertainment.

Speakers for the occasion were Corinne McGuire, who delivered the toast to the seniors; Patricia Dillon, the toast to the juniors; Lloyd Lamphere, toastmaster; Dorine Wessman, the toast to the teachers; and Mr. Austin, the toast to the students.

Lower left: Among the sophomore girls who served are Roselle Townsend, Beverly Griffin, Nancy Niles, and Freda Gerard. **Lower right:** Howard Klifman, Kenneth Dodge, and Rex Reed stay after the banquet to help clear the tables, put away the chairs, and tidy up the gym.

Potato chips, soft drinks, hot dogs, and smoke are the eats at the seniors' picnic.

Picnics at School Camp after Exams

With final exams out of the way, clubs, classes, and the band enjoy themselves with picnics including boating, swimming, games, and eating at the school camp.

Going for a ride on the lake is always fun even if the boat leaks and the result for Nancy Niles is a wet aftermath.

"Love Is In the Air"

Love was in the air all over the stage February 23 and 24 when the juniors and seniors presented "Love Is in the Air" for their annual dramatic production. Charles Keil, playing the part of the father of the Truitt family, just wasn't glamorous enough to please his three children, and they blame their own lack of success with the opposite sex on their unromantic father. When dad wins first place in a fund-raising contest he immediately becomes a man of distinction, and the family changes their opinion of him. How the new distinction helped to break the Truitt jinx, and dad's fear of going for a ride on a jet plane made for an evening of hilarious entertainment for the two audiences.

Double casting was used for all but four of the fifteen parts. The juniors outnumbered the seniors about three to one in the cast, but the seniors outshone the juniors by a large margin in the contest of ticket sales. Mr. Van directed the play with Mr. Babcock assisting as business manager, and Mr. Cameron as supervisor of ticket sales.

Y - Teens Write New Constitution

A "Get-Acquainted" banquet in the Fall for 53 girls started the Y-Teens off on a successful year. The first project was to write a constitution. Then blue and gold shakers and a dummy were made for the homecoming pep rally.

At Christmas the club sponsored a benefit dance. The proceeds together with toys they had collected and repaired went to the Salvation Army. Donations were made to the Community Chest and March of Dimes. A Valentine dance, "Heartbeat Hop", was sponsored by the Y-Teens. Theirs was the candy-cookie booth in the Student Council carnival.

In May, mothers were guests of the Y-Teens. Speakers who entertained this year were: Mrs. Anna Marie Nelson with her colored slides, Mrs. Don Emmons on Dating, Mrs. C. E. Merritt on Beauty from Health, and Mrs. M. Porter on the Uses Women Can Make of Art.

The officers were Leona Johnson, president; Kay Emerson, vice president; Mary Devereaux, secretary; Joan Miller, treasurer; and Mrs. Messner, adviser.

Initiation into the Y-Teens meant carrying dolls to school and classes for one day. These girls are Patricia Griffin, Myrna Towers, and Sharon Sorensen.

Girls Earn Points for Sports Activities

The Girls' Athletic Association is an organization to stimulate interest in and to provide participation in games and sports both in and out of school. The group meets each Monday after school for participation in team and individual sports and to conduct a business meeting when necessary.

Points are earned for participation in the three major sports during the school year, speedball, basketball, and volleyball and in any of the individual tournaments. These include singles and doubles in badminton, table tennis, and tennis. Points may also be earned by participation in out-of-school sports activities. These may include such activities as archery, softball, horseshoes, table tennis, shuffleboard, golf, badminton, fencing, tennis, boating, skiing, sailing, and swimming.

One of the highlights of this year's activities was an invitation from the Traverse City Girls' Athletic Association to attend a basketball-volleyball playday at Traverse City. Twenty-one girls attended.

Jean Garn is president, with Lucy Hyde as vice president and point manager, and Sandra Asiala as secretary-treasurer. Mrs. Roesler is the club adviser.

Jane Marttila lays down the law to a group of G. A. A. initiates.

Top row: Patricia Proffitt, Barbara Miltner, Barbara Feltman, Nancy Johnson, LaVonne Thompson, Nancy Powell, Lois Gran, Judy Cass, Helen Emmons, Margaret Rice, Kay Stephan, Karlene Skoog. **Second row:** Maureen Kelley, Karen Stayer, Loretta Stroh, Nancy Niles, Ruth Malmstrom, Linda Mickelson, Delia Knapp, Kathleen Nelson, Vicky Harris, Margaret Nugent, Judy Smith. **Third row:** Judy Barnum, Patricia McKernan, Freda Gerard, Ethel Blaksley, Marilyn Torney, Mary Anderson, Martha Murphy, Nancy Richardson, Sharon Lebel, Patricia Blaugh. **Fourth row:** Rebecca Barnes, Charleen Jurkowski, Joan Lakies, Mary Lou Lindstrom, Joanne Fagerman, Judy Faunce, Mary Calkin, Donna Trowbridge, Judy Kumfer, Faye Henderson. **Fifth row:** Sarah Brown, Elizabeth Spoor, Marlene Rensberry, Coral Tyler, Gerry Shepard, Mary Ann McCarthy, Dolores Sandelius, Marquerite Robertson, Joan Plowman. **Front row:** Judy Emerson, Sue Henne, Corinne McGuire, Sally Chesebro, Jane Marttila, Judy Marshall, Sandra Asiala, Maria Anderson, Mrs. Dell.

Jane Marttila Leads Tri-Hi-Y Club

Inspired with new ideas acquired at summer camp, the Tri-Hi-Y Club president, Jane Marttila, led the members through a very successful year. She was assisted by Sally Chesebro, vice president; Sue Henne, treasurer; and Corinne McGuire, secretary. At the close of the first semester Corinne resigned and Mary Ann McCarthy succeeded her. The adviser is Mrs. Dell.

Through affiliation with the State Y.M.C.A. the Tri-Hi-Y took part in many activities on a state level as well as local level. Of twenty girls who attended the pre-legislature session at Mt. Pleasant, eight were sent to the Legislature at Lansing. Cadillac made a fine showing there not only because Sue Henne was elected state treasurer but because our bill was one of two which were passed. Three members attended the State Y.M.C.A. Council for Tri-Hi-Y where Judy Marshall was elected to the national council.

Of the many lucrative projects carried on this year, coat checking at all school events, helping in the March of Dimes, participating in the Student Council carnival, and sponsoring Maidens' Week and the Drag were most outstanding.

Packing their bags in the car for the trip to the Hi-Y — Tri-Hi-Y· Legislature at East Lansing are Marguerite Robertson, Karen Stayer, Judy Emerson, and Sue Henne.

Top row: Thomas Gibson, Mr. Babcock, Neil Webb, Charles Hitesman, Michael Olree, James Spolyar, Carl Munson. **Second row:** Larry Veeder, Ronald Gumper, Keith Johnson, Robert Meyer, Alan Jantz, Richard Vatter, Paul Johnson. **Third row:** Lloyd Lamphere, Hajime Shibata, David Boley, Harold Salive, Jeffrey Currier, James Curtis, Dale Witt, Richard Johnson. **Front row:** John Boley, Richard Thompson, Dennis Johnson, Robert Hitesman, Larry Johnson, Val Blaugh, Charles Keil, Tom Brown.

Hi-Y Club Active in Serving Others

The Hi-Y Club had an active year in serving others. Their activities included the sponsoring of the Father and Son Banquet, the giving of Christmas baskets to the needy, and the ushering at the many entertainments. They also took an active part in the March of Dimes Drive. The club sent nine boys to the Michigan Hi-Y and Tri-Hi-Y Legislature: Larry Johnson, Jim Shibata, Thomas Brown, James Curtis, Val Blaugh, James Spolyar, Harold Salive, Richard Vatter, and Carl Munson. The annual Hi-Y scholarship was awarded to Lloyd Lamphere who plans to attend Central Michigan College of Education.

In order to keep a service club of this kind functioning the club had various money making projects. They included the selling of football programs and auto plates and sponsoring the jitney dance at the school carnival.

These projects were carried out under the direction of Edward Babcock adviser; Larry Johnson, president; Dennis Johnson, vice president; Dick Thompson, secretary; and Robert Hitesman, treasurer.

Some of the Hi-Y boys who went to East Lansing for the Hi-Y—Tri-Hi-Y Legislature are Dick Vatter, Harold Salive, Carl Munson, Val Blaugh, and James Spolyar.

Top row: Robert Meyer, Richard Thompson, Donald Worm, Howard Klifman, Charles Hitesman, Richard Van Wieren, Lloyd Lamphere, Kenneth Kuizenga, Richard Schumacher. **Second row:** David Boley, Jack Keller, William Daniels, Ray Anderson, Keith Wittenstrom, James Bilby, Richard Vatter, Gary Springberg, Carl Munson. **Third row:** Thomas Gibson, Michael Barinotti, Frank Majerle, James MacDonald, Larry Veeder, Ronald Gumper, Keith Johnson. **Front row:** Philip Paye, Michael Walsh, Devere Elgas, Joseph Gibson, John Carlson, Larry Spriggs, Mr. Becker.

To Promote Interest in Athletics

The Varsity Club, which has been organized for four years, has made its fourth year the most productive yet. The club has put a lot of work and enthusiasm into its many projects. One of the biggest has been setting up the requirements for varsity jackets and the actual ordering and delivery of the jackets. As has always been true the club handled the many jobs at the district and regional basketball tournaments very well. Letters have been received from many people affiliated with the tournaments complimenting the club on its excellent performance at the games.

The third annual Blue and Gold Varsity Club dance was held on March 3. It proved to be the best ever through the efforts of all the members. The purpose of the Varsity Club is to stimulate interest and enthusiasm in high school athletics and it is doing a very good job of it.

The club has accomplished very much under the leadership of Mr. Becker and President Thomas Gibson. The other officers are Richard Thompson, vice president; Robert Meyer, secretary; and Lloyd Lamphere, treasurer.

Came the Spring and the Varsity Club members blossomed out in new jackets. Shown unpacking and trying them on are Tom Gibson, Charles Hitesman, and Dick Thompson.

Top row: Mr. Spriggs, Mr. Braun, Delbert Edwards, Dale Campbell, Richard Brink, Doyle Pallister, Stanley Bogen, Bruce Campbell. **Middle row:** Gordon Dunseth, Jeffrey Currier, David Richardson, Douglas Josuns, Larry Johnson, James Curtis, Ronald Dahlquist. **Front row:** Thomas Brown, Val Blaugh, Donald Worm, Carole Mooney, Margaret Stroh, Mary Ann McCarthy.

Crafts Students Practice Manual Skills

Every Thursday night at seven o'clock metal shop and wood shop become a busy hum of activity. Approximately thirty students who are interested in making projects for their homes and for themselves are busy on lathe, band saw, grinder, and drill press. They are making tables, bookcases, bowls, motors, and novelty items.

The Arts and Crafts Club, which was organized in the Fall of 1953, gives the students an opportunity to learn new skills in handicraft. Unlike other clubs, it holds few business meetings because its main activities are contained almost entirely within the two shops. Having a booth at the Student Council carnival was the club's foremost outside activity. This year's president is Dale Campbell; vice president, Margaret Stroh; secretary, Mary Ann McCarthy; and treasurer, Thomas Brown. Mr. Spriggs and Mr. Braun are the advisers.

Bruce Campbell (left) and his brother Dale work on club projects. Bruce has been making tip-ups for fishing and Dale is making a pig-shaped knife holder.

Top row: Karlene Skoog, Lucy Hyde, Russella Blevins, Patricia Sorensen, Charlo Campbell, Carole Jenema. **Middle row:** Roma Shepherd, Rebecca Barnes, Phyliss Tripp, Faye Henderson, Joan Plowman. **Front row:** Pauline Nienhuis, Marquerite Robertson, Judy Smith, Maria Anderson.

Looking Ahead to Nursing Careers

The girls in the Future Nurses Club have found that there is much more to nursing than a white uniform and a perky white cap. One of the main aims of this year's club was to learn about the many different types of nursing careers. This was accomplished by listening to speakers from various schools of nursing.

Other activities included in this year's program were: taking a tour through Mercy Hospital, having the annual mother-daughter banquet, decorating the hospital at Christmas, and participating in the student council carnival.

Mrs. Anna Marie Nelson R. N., the school nurse, is the club's adviser. This year's officers are: President Marquerite Robertson; Vice President Pauline Nienhuis; Secretary Judy Smith; and Treasurer Maria Anderson.

The State Future Nurses Rally in Kalamazoo was well attended by girls from the local club.

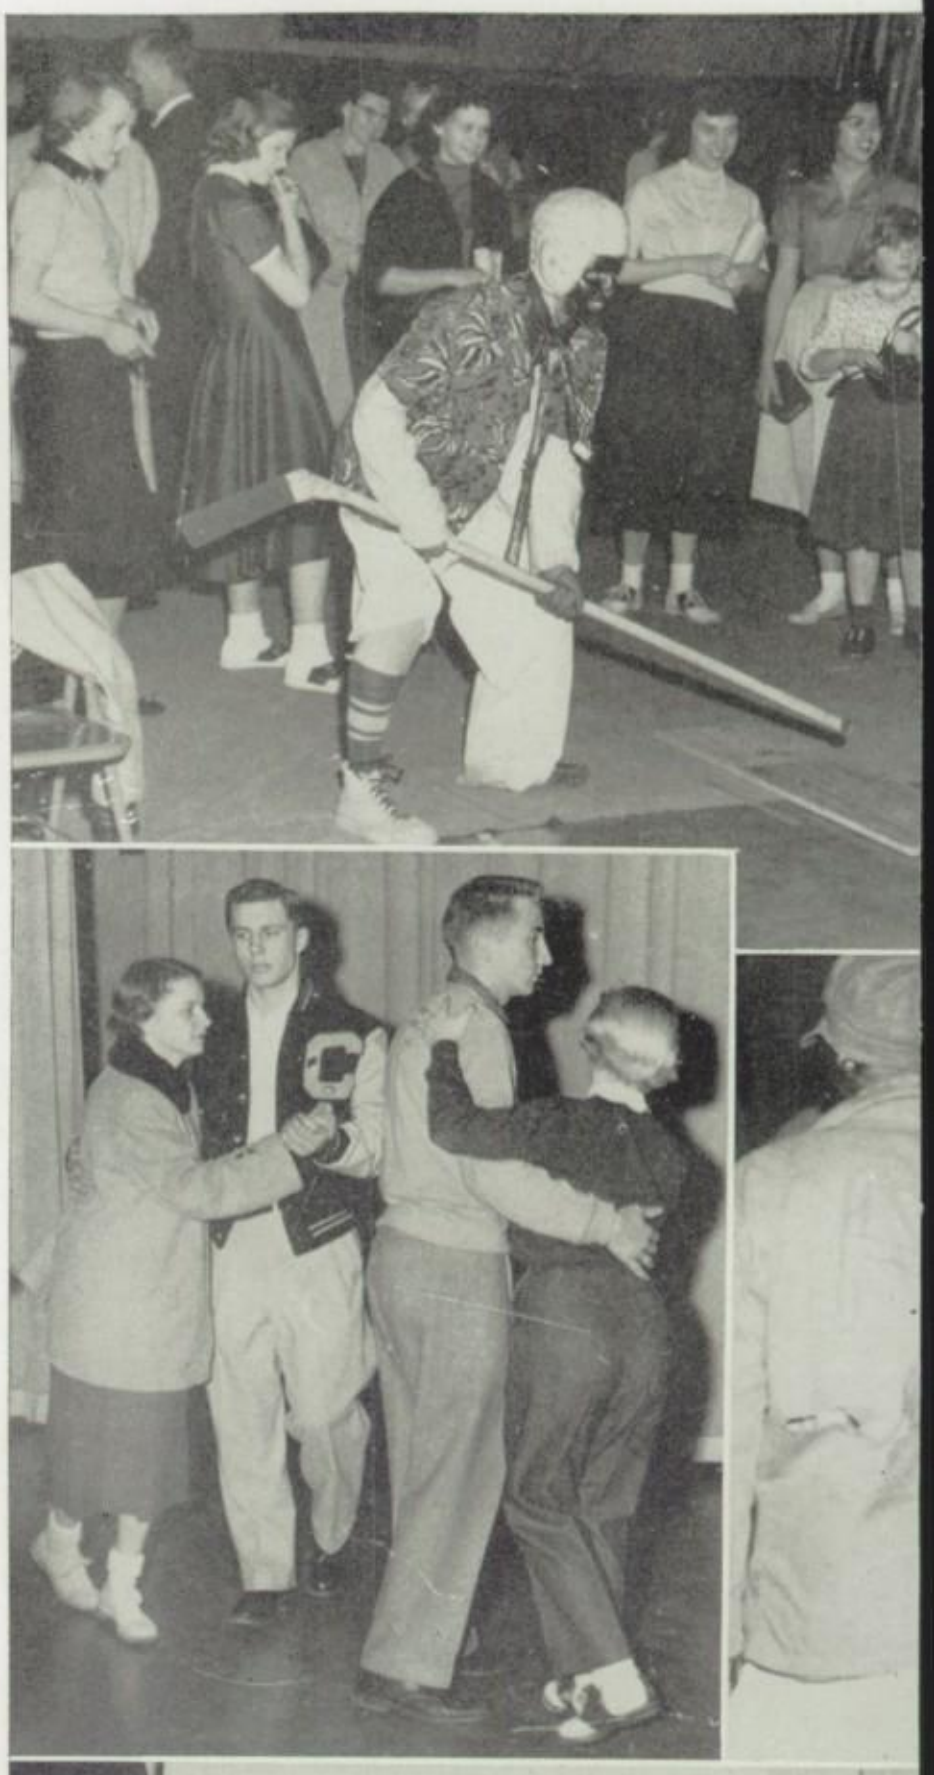
The G. A. A. sponsored a kissing booth with Patty Blaugh and Sarah Brown as smooch bait. A number of boys were inferested, but they awaited John Carlson's verdict on the models' proficiency in the art.



Sally Chesebro, Larry Veeder, Leona Johnson, and Dennis Johnson patronized the Hi-Y jitney dance on the stage.

Carolyn Huckle's little brother won a cake at the sophomore cake walk.

Meredith Mason and Phyllis Green presided over the Y-Teens' candy-cookie booth. Stopping to buy are Pat Cawley, Don Cherrette, and Terry Barber.

Ten cents worth of wet sponges gave one the chance to fire at Bob Meyer and Charles Hitesman.

Hurling darts at pictures of teachers made money for the Arts and Crafts Club. Seen at the booth are Dick Brink, Bruce Campbell, Dale Witt, and Dale Campbell.

Your Future

Education is a means to an end but not an end in itself. It opens doors for you to the enjoyment of living as well as to the opportunities of self-improvement. Education with special emphasis on secondary and college levels enables the youth of our country to appraise his surroundings, to understand the scope and limitations of government and the responsibilities and rewards which belong to citizenship where no door is closed to talent, and all that a young man or woman needs is the intelligence and energy to turn the knob.

It is obvious that we of industry and the educators have this in common — to help our school system produce graduates who are well informed and independent thinkers. We feel it essential that our youth be properly informed as to the functions of industry in relation to our economic life — keeping in mind our **TRADITIONS OF FREEDOM.**

It's All in the State of Mind

If you think you are beaten, you are,
If you think that you dare not, you don't,

If you'd like to win, but you think you can't,
It's almost certain you won't.

If you think you'll lose, you've lost,
For out in the world you'll find

Success begins with a fellow's will —
It's all in the state of mind.

Full many a race is lost
Ere even a step is run,

And many a coward falls
Ere even his work's begun

Think big, and your deeds will grow;
Think small, and you'll fall behind;

Think that you can, and you will —
It's all in the state of mind.

If you think you are out-classed, you are;
You've got to think high to rise;

You've got to be sure of yourself before
You ever can win a prize.

Life's battles don't always go
To the stronger or faster man;

But soon or late the man who wins
Is the man who thinks he can.
